PROFESSIONAL EXPERIENCE

- **Hellenic Foundation for European & Foreign Policy (ELIAMEP)** Athens, Greece
Research Assistant 05/2024–08/2024

- Collected data for over 150 start-ups and over 20 variables and conducted statistical analysis in STATA and R.
- Conducted a thorough literature review and co-authored the final paper on the effects of the MIT Enterprise Forum incubator in the startup ecosystem, as well as policy recommendations to foster entrepreneurship.

- **Hellenic Gaming Commission (HGC)** Athens, Greece
Economist (Internship) 07/2022–09/2022

- Assigned to develop a novel framework for finding out companies that might be involved in illicit activities, in order for the HGC to make targeted inspections, which led to higher precision in inspections.
- Collected and cleaned financial-related data for 4000 gambling companies in 52 municipalities of Greece.
- Conducted statistical analysis of that data in R and MATLAB and then applied the new methodology.

WORKING PAPERS

- **Pepelasis I. S., Kolokythas A., Vidali E. (2024)**, At the edge of internationalization and innovation: The importance of MITEF incubator to the start-up ecosystem, ELIAMEP Working Papers
